Issue 4 | October 12, 2020

Hot Lunch

There will be no hot lunch this Tuesday. We apologize for the inconvenience. We will let you know about Thursday's lunch as the week progresses.

Homework

Students are currently underperforming in math. In order to off set the time away from school due to Covid-19 last school year, students who are struggling in math will have homework on Khan Academy Monday – Thursday.

Parent-Teacher-Student Conferences

It's hard to believe that the first quarter has come and gone. Conferences are scheduled for Thursday, October 22. These conferences are an opportunity for you, your child, and myself to meet, so please plan on having your child present. It is my professional belief that as we are talking about the student, they should be present and participate in the conversation.

Conferences will begin at 4:30 PM and will last 20-minutes. Please be on time as it will impact the next person's time.

Your child, _____, has a scheduled conference at _____ PM on Thursday, October 22. If you are uncomfortable meeting in person, please let me know and I will schedule a Zoom conference with you at this time. Thank you for your cooperation and support.
